

# RESIDENT SURVEY

Fellow Resident.

We would greatly value your opinions and ideas to help in developing a **'Community Development Action Plan.'**

1. **What has either brought you to live in our community or kept you here?**
2. **Tell us what has been the best experience you have had living in our community in the last 12 months?**
3. **Imagine our community has won the 'National Australian Community of the Year' competition. What do you think would have happened to deserve this win?**
4. **What assets or strengths does our community have as a community to build on?**
5. **What is the one aspect about our community that you want to make sure we retain?**
6. **If there was one thing you could change in our community, what would it be?**
