Baseline Survey

Individual SALT

Adolescents girl and boys group salt

Group SALT

Shared the Baseline Report with Villagers

Three major Issues of Baseline in two villages

1. School Dropout
2. Child Marriage
3. Excessive use of alcohol among Youth and Elders

Drama Practice for baseline Dissemination

Dissemination Program on 28 April 2025 at Kewdaha

250 out of 300 people in the village attended the dissemination

Tumpa Mardi (ASHA worker) – We know everything, but until now we had no scope to raise our voices. Now, we have a good platform to express whatever is in our minds.. She said, If a girl or boy is married at a young age, many physical problems arise, the body becomes weak and various diseases appear

song & dance at GDissemination inaugurated with Adivasi cultural ovindapala

Villagers inaugurated the event with their traditional adivasi songs & dances which are gradually being lost.

Kanan Hansda (Majiharam member) - About alcohol consumption, *"we know that during the puja of our society we take alcohol as prasad. Now we know that more and more boys are getting addicted at a young age. Parents should pay more attention. We have to continue the educational work that we are doing."*

Dream Building with Kewdaha village adolescents girls

Dream Building by Kewdaha women group

Manjhiharam team initiative at Kewdaha

Action Taken by Adolescents girls
